

1 THE CHAIRMAN: Delegate Morgan.

2 DELEGATE MORGAN: There was no thought that this  
3 would be exempt from referendum. We decided this before  
4 the Committee of the Whole considered your referendum pro-  
5 vision.

6 THE CHAIRMAN: Delegate Koss.

7 DELEGATE KOSS: Likewise in 4.19 I am not clear.  
8 In line 34 it starts, "Where these changes require the  
9 force of law, they shall be set forth in executive orders  
10 in statutory form and submitted to the General Assembly".  
11 I am not quite clear what "force of law" means. Does this  
12 become law in the terms that I understand the law or is  
13 this some special kind of a law?

14 THE CHAIRMAN: Delegate Morgan.

15 DELEGATE MORGAN: Do you mean in line 35, that  
16 means when the legislature has prescribed a particular  
17 organizational structure and the Governor wants to change  
18 that, why the change would ordinarily require the force of  
19 law because the legislature has already said that it shall  
20 be done in this way and that is what is meant where it says  
21 the change requires the force of law.
